ABOUT ME

I am a software engineering student actively seeking my first job opportunity in the field. Due to my long-standing passion for the technology field and my technical background, I am confident in my ability to quickly adapt to any work environment and acquire the necessary skills to meet the specific demands of a project.

PROJECTS

Social Network Website: This site implement a RESTful API built using Django and use AJAX to interact with it. In this site you can register, create posts, follow other users and like their posts!

Youtube: www.youtube.com/watch?v=93RYSu-Kvb

Github: github.com/Aeziren/social-network

Email Website: A single page application where everything happens without the need to reload the page. Users can register, log in, navigate through their emails and send emails to other users.
